A separate reinstatement fee will also be payable in respect of each account, and for each billing period for which points are reinstated.

Foreign Currency Charges: If you make a Charge in a currency other than Hong Kong Dollars, that Charge will be converted into Hong Kong Dollars. The conversion will take place on the date the Charge is processed by American Express, which may not be the same date on which you made your Charge as it depends on when the Charge was submitted to American Express. If the foreign currency Charge is not in U.S. Dollars (including but not limited to Euro, British Pound, Renminbi or Macau Dollar), the conversion will be made through U.S. Dollars, before further converting into Hong Kong Dollars. If the Charge is in U.S. Dollars, it will be converted directly into Hong Kong Dollars.

Unless a specific rate is required by applicable law, you understand and agree that the American Express treasury system will use conversion rates based on interbank rates that it selects from customary industry sources on the business day prior to the processing date, increased by a single conversion commission of 2%. If Charges are converted by third parties prior to being submitted to us, any conversions made by those third parties will be at rates selected by them.

The amount of any refund of a Charge made in foreign currency will generally differ from the amount of the original Charge because: (i) in most cases, the rate applied to any refund will differ from the original rate applied to the Charge; and (ii) any currency conversion commission charged on the original purchase is not refunded. However, we do not charge an additional currency conversion commission on the refunded amount.
